Food Pilots Bail Out In Soviet Zone

Word Awaited On Fate Of Two Americans

Frankfurt, Germany, Sept. 14 (AP)—Two American air lift pilots bailed out over the Soviet zone early this morning and have not been heard from since.

Air Force headquarters said they were ferrying a C-47, laden with food, from Wiesbaden to Berlin, when the pilot radioed at 4:20 a. m. that their engines had failed and the ship was losing altitude.

The message said the crew was abandoning ship in the vicinity of Langensalza, about 20 miles inside the Russian zone. It said one motor had cut out and the other had begun to quit.

German police at Langensalza said they had heard nothing about the accident, but would investigate.

Nine Americans have died in three fatal crashes since the air lift over the Soviet blockade of Berlin began in June.

An American search team entered the Russian zone today to seek the two fliers.

The U. S. Air Force said American army officers along the U. S. Russian border had notified Soviet authorities about the accident.

Air Force officials at Wiesbaden said the report had been given to Russian members of the four-power air safety control board in Berlin.

"We believe the Russians will do everything they can to help," one air force spokesman said.

Detroit Has Heavy Voting In Primary

Surprising Turnout Runs Ahead Of 1944 and 1946

Detroit, Sept. 14. (AP)—A surprising turnout of voters—running ahead of the 1944 and 1946 primaries—greeted Detroit election officials today.

It had generally been agreed by political observers that Michigan faced its lightest primary in years.

However, the Detroit city election commission said the voting was running consistently ahead of the last two elections by several thousand.

On the basis of this turnout, the commission upped its estimate of the primary vote in the city from 250,000 to 300,000. In 1944 only 194,000 Detroiters voted in the primary and in 1946 the figure was 206,000.

Despite the Detroit turnout, puzzled politicians pondered two questions.

Reports from Lansing and Bay City also indicated a vote that, while not heavy, was running ahead of 1946.

Contrary to this trend were reports from Saginaw, Ann Arbor, Sault Ste. Marie and Marquette where only a trickle of voters were making their way to the polls.

Contractor Accused Of Keeping 2 Wives, In Different Towns

Upland, Calif., Sept. 14 (AP)—Upland and Covina are two sleepy little towns, only 20 miles apart, in the fertile citrus belt. And William B. Bonstein is accused of having a wife and three children in each town.

Bonstein, 35, Covina trucking contractor, was arrested yesterday on suspicion of bigamy, following his return from a Missouri vacation with his Covina family.

In the interim his alleged Upland family complained to police, Chief Eugene L. Mueller said, that they were left without funds.

The chief said Bonstein lived six days a week with the Covina family and dropped in to visit the Upland group once a week.

Truman Talks About Red Herrings Again; Dewey To Go West

BY JACK BELL

Washington, Sept. 14 (AP)—The Republican sweep in Maine and new pressure by the States' Rights party against Congress candidates added to Democratic difficulties today.

But President Truman came back fighting in an attack on politicians with "axes to grind and red herrings to drag around" who, he said, are endangering national security by "smears" against scientists.

Far to the south, states rights supporters who have been fighting President Truman's Civil Rights program brought new pressure in an effort to force Democratic congressional candidates into their camp.

A highly-placed Democratic official, who asked not to be quoted by name, told a reporter that several house members nominated in Democratic primaries have been threatened with November opposition from the States Rights group unless they desert President Truman.

While the Democrats were trying to smooth out their troubled affairs, Gov. Thomas E. Dewey of New York, the GOP presidential nominee, extended his campaign plans.

The Republican national committee announced Dewey will be the keynote speaker October 15 before the National Federation of Women's Republican clubs in St. Paul. This indicated that Dewey will strike west again shortly after he returns to Albany from his transcontinental tour which opens September 20 with a Des Moines speech.

In his St. Paul appearance the New York governor is expected to urge the election of Senator Joseph Ball, a Republican who supported the late President Roosevelt against Dewey in the 1944 campaign.

Stevedores Refuse To Work For Army

Supply Ships Tied Up By West Coast Strike

San Francisco, Sept. 14 (AP)—CIO Longshore headquarters announced union stevedores will ignore today's call by the Army for dock workers to handle military cargoes in struck Pacific ports.

The Army called for qualified dock workers on a "first come first hired" basis for 8 a. m. today in San Francisco and said similar calls were being made in other west coast ports. Loading cargoes for the Army's Pacific areas will begin Wednesday, the announcement said.

"There will be a picket line around the Army employment office this morning," Longshore headquarters said.

In a bitter statement the union denounced the Army's plan to by-pass the union-controlled hiring hall as "an open shop move."

"It means direct strike breaking by the Army," a spokesman for Harry Bridges, union president, said.

He added that Longshoremen in all west coast ports would refuse to work for the Army. All of the martime unions involved in the strike will meet "sometime today" to discuss the situation, he said.

A half-dozen Army transports, manned by Army personnel, are among the 60 freighters now tied up in San Francisco bay by the 12-day-old strike over wages and control of hiring. Presumably they are ready to sail whenever needed. Since Army cargoes account for 20 percent of local shipments, and 10 to 15 per cent of all Pacific coast shipping, they would offer work for 10 to 20 per cent of the 30,000 strikers.

Boy, 6, Points Gun From Parked Auto, Kills Little Girl

Knoxville, Tenn., Sept. 14 (AP)—A nine-year-old girl was slain last night by a shotgun blast innocently fired by a six-year-old boy, homicide officer Carl Bunch reported.

Bunch said Alice King, daughter of Mrs. Stella King, was shot down when Pokie Mitchell, sitting in a parked motor car with several other children, shoved the gun through a window and pulled the trigger.

The officer said Alice was standing near the car watching a friend ride her scooter.

The boy's mother, Mrs. Pat Mitchell, and her brother-in-law, City Fireman A. E. Rollins, were returning from a hunting trip and had stopped at a grocery store when the shooting occurred, Bunch said. The adults had gone into the store and left Polkie and his companions in the car, he added.

California Valley Blackened By Fire; Many Homes Burn

Ojai, Calif., Sept. 14 (AP)—With women and children evacuated from two communities, the picturesque Ojai Valley resort area lay blackened and desolate today from a still burning, 12,000-acre forest fire.

The community of Ojai itself and the population of 3,500 felt the fringe of the flames, but a wind shift enabled the hundreds of fire fighters to gain control last night.

Chief Pete Little of the Ventura fire department said some 10 or 11 homes, including palatial summer dwellings of wealthy Southern Californians, were destroyed, but the fire was halted two blocks short of the business district. Initial damage estimates ran over $1,000,000.

U. S. forestry officials estimated an area of at least 12,000 acres of chaparral and scrub oak was burned over. The area is part of Los Padres National Forest.

The community of Meiners Oaks, population 1,500, also was threatened by the blaze.

Women and children were evacuated from both Ojai and Meiners Oaks to Ventura, where the Red Cross disaster relief set up eating and sleeping facilities in the Civic Auditorium.

Red Cross operations were headed by disaster experts, Edwin H. Carrol and Cecil Davis, San Francisco, and James C. Dancy, Los Angeles. Red Cross chapters of Ventura, Santa Paula and Oxnard were alerted to care for evacuees.

Ojai's men stayed behind to fight the blaze, which claimed the life of one volunteer fighter, Louis Franklin Hall, 44 of Ojai. Hall was found dead in a field behind his home, apparently the victim of a heart attack.

There was no report of any other serious injury.

The Riconado orchid ranch was described as almost a total loss—including its extremely valuable nursery, plant stock and equipment.

The fire path into Ojai was checked by bulldozers, which rammed into residences already ablaze and carried them away from other homes.

No Agreement Near On Italian Colonies

Big Powers Expect Issue Will Go To U. N.

BY JOSEPH E. DYNAN

Paris, Sept. 14 (AP)—The United States and Britain accepted today a French proposal to place Somaliland, a former Italian colony in Africa, under Italian trusteeship.

A conference source, announcing this, said the Soviet replied in the council of foreign ministers that Russia wants all the pre-war Italian colonies placed under Italian trusteeship. Soviet Deputy Foreign Minister Andrei Vishinsky was quoted as saying, however, that Russia opposes the French proposal because no time limit was placed on such a mandate.

Britain, France and the United States also have agreed on a proposal for study by a committee of experts of any problems arising from the four-power meeting here. This also was a French proposal.

Little hope is held out for any overall agreement on the question of the Italian colonies.

If no agreement is reached by tomorrow, the issue automatically goes to the United Nations assembly under the terms of the Italian peace treaty.

SCAFFOLD FALL FATAL

Detroit (AP)—A fall from a 50-foot scaffold at the Ford Motor Co. Rouge plant was fatal Monday to Simon Stroia, 42-year-old father of six children. An employe of the Mc Kee Construction Co. of Cleveland, Stroia was heating rivets on the scaffold when the accident occurred.

Bermuda Cleans Up Hurricane Damage

Vacation Resort Lashed By 123-Mile Gale

Miami, Fla., Sept. 14 (AP)—The honeymoon and vacation resort of Bermuda cleared away debris today in the wake of a severe hurricane that lashed the area with winds of 123 miles an hour.

No loss of life was reported and property damage was not extensive, according to reports.

The hurricane had winds of 140 miles per hour in a small area near the center and heavy squalls and gales extended outward 200 miles from the center.

Chief storm forecaster Grady Norton said at Miami the hurricane apparently would pass out to sea without any effects being felt along the U. S. coast.

Bermuda, about 600 miles off the South Carolina coast, was lashed by winds up to 123 miles an hour in gusts. Power lines were blown down and highways flooded. Some slate roofs were blown off and fallen tree limbs littered the streets.

Stores opened briefly to permit residents to stock up, then closed again in the face of the howling wind and driving rain. Buses stopped and tourists and residents holed up in hotels and homes until the worst of the blow passed.

Excavation Started For $65,000,000 New UN Office Building

New York, Sept. 14 (AP)—Excavation for the United Nations $65,000,000 headquarters began today.

Acting U. N. Secretary General Benjamin Cohen said in a brief address:

"Now we know the U. N. is going to establish its roots on strong soil."

The $8,500,000 site for the U. N. skyscraper headquarters was contributed by John D. Rockefeller Jr. in 1946.

Bounded by 42D and 48th Streets and Franklin D. Roosevelt Drive and First Avenue, the site formerly was the location of packing houses and industrial buildings. It overlooks the East river.

Communism Loses Political Struggle For German Capital

Moscow, Sept. 14 (AP) — The three western envoys went to the Kremlin today for a meeting with Soviet Foreign Minister V. M. Molotov.

This was the first four-power meeting in Moscow since Aug. 30, when U. S. Ambassador Walter Bedell Smith, French Ambassador Yves Chataigneau and Special British Envoy Frank Roberts saw Molotov and his deputy, Andrei Vishinsky on the Berlin question.

BY RICHARD KASISCHKE

Berlin, Sept. 14 (AP)—Gen. Lucius D. Clay said today: "I don't think war is just around the corner."

The U. S. military governor made the statement to American newsmen who came to Berlin on a special air force flight from the United States to view the British-American air lift operation supplying Soviet-blockaded western Berlin.

Clay added he doubted the Russians "will make Berlin the final issue on the entire German problem."

Force Last Resort

The American commander predicted that before any forceful actions were attempted to break the 82-day-old Soviet blockade, the U. S. would exhaust "all other means at its disposal" to reach agreement.

Clay declined to discuss whether bringing the Berlin question before a council of foreign ministers would mean "negotiation under duress."

He left the impression, however, that the U. S. at least would not be prepared to discuss any other larger German issues with the Russians at such a conference before the blockade was lifted.

A veteran American military government official declared today Russia and Communism have already lost the political battle for Berlin. As a last resort, he said, they have taken to rioting and force.

Russians Bankrupt

The American official, Louis Glaser of Washington, D. C., and Brookline, Mass., is retiring as chief of the Civil Administration and Political Affairs Branch, office of military government for Berlin.

Glaser leaves tomorrow for the United States after serving in Berlin since the beginning of the joint occupation in July, 1945. He told newsmen three years of "daily shirt sleeve negotiations" with the Russians had been tough, but confidently asserted:

"The Russians and Communism have proved themselves morally, ethically and ideologically bankrupt in Berlin.

"The proof of this lies in recent events," he said. "They now have descended to rioting and resorted to force against Democratic procedures to seize control which they could never gain otherwise."

Glaser said the battle for Berlin was not yet over, but he asserted:

"Now the issue is plain and the

Berlin Youths Get 25-Year Sentences

Anti-Communists Protest Stiff Soviet Penalty

Berlin, Sept. 14 (AP)—Anti-Communist Berliners today denounced 25-year sentences imposed by a Soviet military court on five youths who took part in last Thursday's rioting against Russian troops and German police.

The hard labor sentences touched off a torrent of bitter press comment which worsened relations between anti-Communists and Communists in this divided, blockaded city.

The youths were sentenced at a secret trial. The official Russian announcement said they were convicted of attacks upon German police and Russian soldiers, violation of law and order and tearing down the Soviet flag from the Brandenburg gate. They were participants in an anti-Communist mass meeting which became embroiled with Russian police and Soviet-backed German police.

The Western Press raised a chorus of complain against the severity of the sentences. It charged the Russians refused to permit the defendants a German defense lawyer, rejected appeals by the city government to send an observer to the trial and refused to let in the press.

Maine Election Is Clean Sweep For Republicans

Portland, Me., Sept. 14 (AP)—The Republicans did it again in Maine—with bigger majorities than usual.

GOP leaders called their clean sweep of top offices in yesterday's general election—the nation's first—a portend of what will come nationally in November.

It was the seventh consecutive time the GOP has captured all major offices.

The principal victor, Senator-elect Margaret Chase Smith, said her "wonderful" vote—75 per cent and a 97,000 majority of the total tabulated—is "the forerunner of a great Republican national victory * * *."

The 50-year-old member of the House armed forces committee is the first woman elected to the Senate without having first served by appointment.

Republicans also elected Frederick G. Payne, 47, as governor; reelected Reps. Frank Fellows and Robert Hale and named Charles P. Nelson, mayor of Augusta, to Mrs. Smith's House seat.

Unofficially tabulated returns from 543 of 621 precincts gave Mrs. Smith 144,952 votes to 47,266 for Dr. Adrian H. Scolten (D).

Senator Owen Brewster (R) won reelection two years ago with 63.5 per cent of the vote—111,215 to 63,799 for his Democratic opponent. Brewster's majority was 47,416.

In the last presidential year—1944—there was no Senate contest. Gov. Horace Hildreth (R) was reelected 131,849 to 55,783. His majority was 76,066 and his percentage 70.3—a gubernatorial record.

The senatorial record, percentagewise, was Senator White's 68 per cent in 1936.

William Tudor Gardiner set the record for a majority—82,481—in winning the governorship 20 years ago.

Mrs. Smith, who succeeds retiring majority floor leader White, attacked President Truman for "too many blunders" in dealing with Russia and blamed high prices, in part, on his "inconsistent, inefficient" administration. Scolten defended the president vigorously and said the Republican-controlled 80th Congress was responsible for prices.

Indian Troops Meet Stiff Opposition In Hyderabad Invasion

Karachi, Pakistan, Sept. 14. (AP)—A communique from the Hyderabad defense ministry said today Indian troops suffered 1,000 casualties on the first day of their invasion of the princely state.

(An Indian army communique issued in New Delhi this morning said one Indian column, in Western Hyderabad, had lost 100 killed and 150 captured.)

On the northern front, the communique said, the forces of the Mozlem Nizam recaptured one village within eight hours after Indian troops took it. An earlier communique received here last night said the Indian advance had been stopped on all fronts.

COUNCIL CALLED

Paris, Sept. 14 (AP)—The United Nations announced today the security council will meet Thursday on the invasion of Hyderabad by India.

Today's bulletin said the Indian forces opened 10 fronts in their first onslaughts yesterday and that the forces of the Nizam and the Razakars (a private Moslem volunteer group) are evacuating all Moslems from border villages to the interior.

(The Indian troops marched across the Hyderabad borders at 4 a. m. yesterday to put down what the Indian government called anarchy in the big, south central state. The troops have orders to garrison the state pending a decision as to Hyderabad's future, perhaps by plebiscite.)

When the word spread in Karachi, the capital of Moslem Pakistan, that Indian troops had invaded Hyderabad there were immediate demonstrations calling for Pakistan to declare war on India. Hyderabad's population of 16,000,000 is about 80 per cent Hindu, but ruled by a Moslem Nizam who has resisted Indian efforts to bring his state into the Indian union.

Hyderabad is entirely surrounded by Indian territory.

Parliament Opened By King George VI

Ancient Power Of Lords May Be Curtailed

BY TOM WILLIAMS

London, Sept. 14 (AP)—King George VI rode in royal splendor to Westminster today and asked parliament—in 74 cautious words—to curtail the ancient power of his lords.

His terse speech opened a special 10-day session of parliament and a bitter political battle between the labor government and the conservative opposition of Winston Churchill.

The King asked the legislators to "amend the parliament act of 1911," by which the labor government intends to cut in half the two-year period in which the House of Lords can delay legislation. This is intended to help the government ram through one of its most controversial measures—nationalization of the iron and steel industry before the general elections of 1950.

It seems destined to be one of the most controversial legislative sessions of recent history.

One paper termed it a "phoney session." Another spoke of a "cynical party maneuver."

The special session was called partially to speed up the labor government's program to limit the powers of the House of Lords, but this was overshadowed by the East-West tension over Germany.

There was speculation the King might refer in his opening speech to government plans for slowing demobilization of troops during the Berlin crisis.

Early-Bird Dove Hunters To Face Arrest In Georgia

Washington, Sept. 14 (AP)—The federals are marching through Georgia today—in a "War of the Doves."

The "invaders" more than 30 officers strong, deployed today in readiness for tomorrow's D-Day attack against all the early bird-hunters they can catch. Supporting the effort will be a one-plane air force.

"We're going to arrest every person we catch hunting doves in that state before December 18," said Albert M. Day, director of the U. S. Fish and Wildlife Service. He added to a reporter:

"We're going to prosecute offenders in federal courts and we're going to ask for the heaviest fines the law will allow."

Day ordered his mobile forces into the peach state after the Georgia Game and Fish Commission refused to alter a decision opening the dove-hunting season tomorrow, despite federal regulations which ban shooting until December 18.

LOST FISH CAUGHT

Lie Tests Repeated In Milwaukee Case

Lemay Fails To Clear Up Wife's Disappearance

Milwaukee, Sept. 14. (AP)—Edmond Lemay, 52, submitted to another lie detector test—his sixth—late last night in connection with the disapearance of his wife last June.

Sheriff George Hanley said the test "still shows 10 or 12 discrepancies in his story." He added that questioning of Lemay would be resumed at 8 a. m. (CST) today.

Hanley did not say whether he would produce Lemay in district court for his scheduled 8:30 a. m. arraignment on a forgery charge.

Lemay's arraignment originally was scheduled for yesterday afternoon, but he was closeted with Sheriff George Hanley in a downtown hotel at the time and did not appear. He is charged with forging the signature of his wife, Mrs Cecelia Lemay, 54, to a $15 check.

The former manager of a felt company's New Jersey plant was put through a seven hour quiz session when he returned to Milwaukee Sunday after waiving extradition from New Jersey on the forgery charge.

Charles Wilson, head of the Wisconsin state crime laboratory, said five separate lie detector tests were given Lemay during the session.

Dancer and Actor Held As Kidnapers Of Movie Producer

Hollywood, Sept. 14 (AP)—A dancer and a movie extra were held in jail today on charges of kidnaping John Clein, New York movie producer, and forcing him to sign a contract.

Clein signed the complaint against Diana Lansing, 24, professional dancer, and Christian P. Anderson, 25, movie bit player and dancing student.

Clein alleged he was forcibly taken to his own apartment last Friday and under duress compelled to sign an agreement to pay Miss Lansing $50 weekly for four years "for dramatic services."

Detective Sgt. K. E. Weaver said Clein told him Miss Lansing at first demanded $10,000 cash because he failed to get her in pictures. She and Anderson denied the accusations.

Governor-General Named In Pakistan

Former Bengal Premier Fills Death Vacancy

Karachi, Pakistan, Sept. 14 (AP)—Kwaja Nazimuddin, former premier of Bengal, has been appointed acting governor-general of Pakistan, an official cabinet announcement said today.

He will fill the vacancy caused by the death Saturday of Mahomed Ali Jinnah, founder and first governor-general of the new Moslem dominion.

Nazimuddin, 54, was educated at Harrow and Cambridge in England and later became a member of the English bar. He had been a member of the government in his native province of Bengal at various times since 1927.

He was premier of Bengal from 1943 to 1945 and became premier of East Bengal after partition last year. He once was knighted by the British crown but renounced the title at a meeting of the Moslem league in Bombay in 1946.

He comes to his new post a day after crowds ran through the streets of Karachi calling for war against the dominion of India as a result of yesterday's Indian invasion of Hyderabad, a princely state ruled by a Moslem Nizam and populated by 16,000,000 people, 80 per cent of them Hindus.

Plum-Picker Killed Riding On Bicycle

Shelby, Sept. 14 (AP) — Enroute to a nearby farm to pick plums, Mrs. Mary Sutherland, 37, of New Era, was killed early today when the bicycle she was riding was struck by an auto driven by Stanley Brown, 26, of Shelby.

Coroner Hollis Tate of Hart said the woman was riding in the center of the highway without lights on the bicycle, and termed the accident "unavoidable."

Manistique City Councilmen Meet

Manistique, Mich.—The Manistique Pulp & Paper company was granted permission by the Manistique city council, at its meeting Monday night, to erect fuel oil tanks for the operation of two Diesel generators at the plant.

Other actions taken by the council were:

Manistique volunteer firemen were given a permit to sponsor a carnival next summer.

Agreed informally to appropriate $100 to the Upper Peninsula Development Bureau.

Granted a license to the Manistique Transit company.

Tabled a request from Joseph Lavine for sewer and water main extension to north Maple avenue until Lavine furnishes more detailed plans for the construction of four homes in that neighborhood.

Agreed to ngage engineering services for construction of sewers and lift station on New Elm street.

Votd to retain John Nessman as city assessor on a full-time basis until Oct. 15.

Heard report from Mayor Walter Burns that several applications for city manager's position had been received. No action taken on applications.

Authorized city clerk to obtain more information on parking meters. Councilman Otto Schubring reported that Munising earned $600 from parking meters last year.

Received the city school budget, totaling $182,258, which includes $40,000 to be raised by local taxes.

Investors Mutual Declares Dividend

Minneapolis—The board of directors of Investors Mutual, Inc., open-end investment fund, today declared a final quartely dividend distribution for the fiscal year of 34c per share payable on September 29, 1948 to shareholders of record as of September 16, 1948. The 34c dividend was derived from approximately 19c per share on profit on the sale of portfolio securities for the entire fiscal year and approximately 15c per share from interest and dividend income during the final quarter of the fiscal year which ends September 30th.

Total dividend distribution for the twelve month period totaled 70c per share.

Earl E. Crabb, president, reported that net assets as of September 2, 1948 were $125,007,032 with shares currently held by more than 64,000 shareholders. Investors Syndicate, Minneapolis, is the principal distributor and investment manager of the fund.

Adult Education Program Launched

With its program approved by the department of public instruction, the Bark River-Harris Schools at Harris, are getting ready to offer to the public a program in adult education.

Leo J. Brunelle, superintendent of schools, announces that whatever the public wants in the adult education field, it can have. In order to start a class, there should be an enrollment of at least 10, and the classes will meet as many times as the subject demands.

Such subjects as simplified bookkeeping, typing, yarncraft, sewing, furniture repair, farm machinery repair, drivers training, business English, parliamentary procedure, and others.

They will attempt to get classes under way by October 4th. A small registration fee will be charged and an achievement award will be given.

Esophagus Patched Up For Negro Boy

Savannah, Ga., (AP)—A six-year-old Negro boy has gained 15 pounds in weight and is still gaining because of a rare operation which left him with what is probably the world's shortest esophagus for his age.

William Jones destroyed the lining of his esophagus a year ago by drinking potash his mother was using to scrub floors. Little hope was held for him until a Savannah surgeon patched up his esophagus a month ago.

The damaged section was removed and William's stomach brought up under his left lung and oined to the remaining four inches of esophagus. The operation was a success.

William, who was slowly starving to death because he could not swallow food, then weighed only 32 pounds. He now weighs 47 and is still gaining.

Delta Guard Unit Inspection Is Set; To Be Paid Tonight

Federal checks for Delta county National Guardsmen for the last quarterly pay period have arrived and will be distributed at the regular drill at state fairgrounds armory tomorrow evening but only to those men who appear in full uniform, Capt. Roy J Johnson, commander of Company C, 107th Engineer Combat battalion, announced this morning.

In preparation for the annual Federal inspection of the armory, personnel, equipment and all records to be held Monday, Oct. 4, a preliminary inspection of the unit will be conducted tomorrow night by Major Alfred D. Henderson, of Marquette, Fifth Army instructor assigned to the U. P. battalion, and Major James G. Ward, jr., of Escanaba, battalion executive officer.

Majors Henderson and Ward and Captain Johnson also will constitute a Federal recognition board to meet tonight to consider applicants for commissions in the Michigan National Guard. Three platoon commander and one administrative officer vacancies in the Delta county unit with the rank of lieutenant are being filled.

"The 1948 annual Federal inspection will be held Monday, October 4, and it is imperative that all members of the local company report for duty that night in full uniform," Captain Johnson said "The inspection is scheduled on a statewide basis for Monday night and it cannot be changed to our regular drill night on Wednesday

"Therefore, all men must report for drill Monday night, October 4. There will be no drill the following Wednesday night, October 6.

'In regard to distribution of pay checks tomorrow night, no member of the company will be paid unless he reports for drill in full uniform."

The committee on arrangements for the conference is headed by Roy B. Johnson, chairman, and is composed of the following members: Tommy Quinn, Dr. Vernon Johnson, Carol Lundeen, Lency Clairmont, Don Guindon and Whitney Dixon.

A large number of delegates will attend from Upper Peninsula cities.

A meeting of the members of the Escanaba J. C. C. will be held at the House of Ludington 6:30 tonight to make plans for the conference.

Proof of Dependency Should Be Filed By High Disability Vets

Veterans with disability ratings of sixty per cent or more who have dependents were advised by Veterans Administration today to submit promptly to VA documentary evidence of dependency so that they may qualify for increased compensation payments under Public Law 877 of the Eightieth Congress.

The new law provides additional allowances for such disabled veterans who have a wife, children or dependent parents. The married veteran may receive up to $21 extra, with added amounts for additional dependents.

Veterans whose dependents are recorded in their VA claims folders as of September 1, 1948, will have until December 1 to file the evidence. These awards will be retroactive to September 1, the effective date of the law, otherwise the effective date of the increase will be the date of receipt of the evidence.

As to the veteran's wife and children, certified copies of public or church records usually are the best and most easily obtained evidence.

SCHOOL HEALTH MEET PLANNED

Rural Teachers Gather At Rock Thursday

Continuing a program begun last year in an effort to bring better health to the rural areas of Delta and Menominee counties, the teachers of rural schools in Delta county will attend a health institute to be held in the Rock high school Thursday, Sept. 16.

The program is sponsored cooperatively by educators of the two counties and the Delta-Menominee health district. The institute will open at 9:15 a. m. Thursday and Fred Vescoloni, Carney superintendent of schools and chairman of the Delta-Menominee health committee, will outline the importance of health education in the school curriculum.

Don Dolan, assistant director of extension and adult education, Western Michigan College of Education, Kalamazoo, will be moderator in a panel discussion of the subect of health education in the school curriculum.

Other panel personnel will be Helen Elaine Stenson of Escanaba, supervisor of elementary education; William S. Carter, department of public instruction; Phoebe Anderson and Dr. William C. Harrison of the Delta-Menominee health district; Catherine Call, Michigan department of health; Paul Bowers, Rapid River superintendent of schools; and June Kiser, Rock school teacher.

Six topics will be discussed in groups during the afternoon session. Mary Krutina, Nahma superintendent of schools, will be chairman of the group on nutrition, with Alice Smith, Michigan department of health as resource person. Dental hygiene will have Harry Corbisier, Cornell school teacher, as chairman, and Sarah Hill of the Michigan department of health as resource person.

The subject of mental health has Florence McLain, Rock school principal, as chairman, assisted by Miss Call of the Michigan department of health; and the division on communicable diseases will be headed by Ina Short, teacher of the Rapid River school, with Dr. Harrison as resource person.

Mabel Moras, teacher of the Wells Central school, will be chairman of the group on vision, and Miss Anderson, supervising nurse of the Delta-Menominee health district will be resource person; while the group on first aid and safety will be headed by Victor Mankiewicz, Rock school teacher, assisted by Mae Einfeldt, school nurse of Menominee, and Elsie Guimond, principal of the Washington school, Menominee.

Following the group discussions Supt. Vescolani will present a summary. Local arrangements for the health institute are being made by George Weingartner, Rock school superintendent, through the courtesy of the Rock Lions club and the Rock Parent Teacher association. Hagle Quarnstrom, county school superintendent, is coordinator for the institute.

Snow Removal Problem

APPARENTLY if township roads are going to be kept open by an adequate snow removal program next winter, the township governments will have to provide the funds. The Delta county road commission indicated as much at its meeting last Saturday when the commission examined its finances and reported a bleak outlook.

Many of the townships in Delta county have accumulated a financial nest egg in recent years to the extent that none of them is now levying a property tax for township purposes. Funds returned from the state, particularly sales tax diversion money, have proved to be a bonanza for the townships while other units of government are in desperate financial need.

The road commission has decided to put the problem directly up to the townships. If they want their township roads plowed after snow storms, presumably they will have to foot the bill. There is small hope that the county can help out materially inasmuch as the county also is faced with a serious financial problem. And any assistance that might eventually be forthcoming from the state requires legislative action, the effect of which would not be felt for another year.

Group Travel To Europe

AMERICANS may expect to hear much more another season about group travel plans for mass trips to Europe and perhaps South America.

The immense possibilities of group foreign and even domestic travel have hardly been touched in this country, although they have been in favor for years with millions of Europeans. It is strange that group travel, a form of low-cost volume travel and sightseeing worked out on a co-operative basis, principally by private groups, though sometimes with government support, has been almost completely neglected in the United States.

The plan does not necessarily mean traveling in company, like Chaucer's Canterbury Pilgrims. But it does involve block purchasing of transportation, and board and entertainment facilities by trade-union, political, civic, religious, youth, or co-operative organizations. In Europe, because of the vast demand, traveling is spread out seasonably and is based on the vacation schedules.

For one thing, America has a stake in stimulating foreign travel as a means of aiding the European recovery program through non-government channels. Of the 60,000,000 persons employed in the United States, it is estimated that 97 per cent of all office workers and 86 per cent of industrial workers receive vacations with pay. It is believed that the espousal of the group travel plan by the great labor and farm and co-operative and other groups, would bring about notable social and economic changes in the travel field, with benefits for all.

There is a great dearth of sponsorship of tourist movements on this order in the United States. It is true that tourist promotion agencies endeavor to reach the individual prospect with literature and other publicity, but the fact remains that for countless numbers a vacation means merely staying at home and not punching a time clock. For example, there are wonderful summer camps in the Hiawatha and Ottawa national forests, that will accommodate nearly 100 people each, with every facility for an enjoyable outing. And yet these camps have been comparatively unutilized this year. They should be occupied by groups who would change each week, or every other week.

Apparently the idea of group travel is still in its germinal state here, but certainly it has vast possibilities.

Bi-Partisan Policy

"IT IS OF THE GREATEST importance that other nations which do not understand our political system should not be misled by our political campaign at home."

This statement issued Saturday by Senator Vandenberg following a conference with Governor Dewey and John Foster Dulles, Dewey advisor on foreign affairs was designed to stress the principle of American unity on foreign policy of this government.

Principally the Vandenberg statement was aimed at assuring the world that despite the invectives that will be hurled by opposing candidates in the presidential campaign, the results of the election will not mean any change in American foreign policy.

Vandenberg sought to prevent any misunderstanding that American commitments abroad are endangered by the presidential election, or that the American people are disunited in their objectives in foreign affairs.

We are opposed to communistic aggressions now and will continue to be opposed to such aggressions, regardless of whether our president happens to be a Democrat or a Republican. Our present foreign policy is aimed specifically at halting Communistic expansion. Communists can find little to cheer about the presidential campaign.

Senator Vandenberg is doing the country another good service by emphasizing the nation's bi-partisan foreign policy before the campaign gets into full swing.

Shakespeare In Oregon

ONE would hardly look for a Shakespearean revival in the backwoods of Oregon, but that very thing is happening, with credit to all concerned, at Ashland, in the foothills of Oregon's Siskiyou mountains. And here's how it happened.

Ashland is the home of 100-acre Lithia Park, and in the park there stood a Chautauqua building, many years ago. The Chautauqua circuit faded out, and the roof was removed from the round building as a safety measure. Then along came Professor Angus L. Bowmer, of the Southern Oregon College of Education. He had an idea.

Why not make Lithia Park the center of an authentic Shakespearean revival, in a building which was a perfect reproduction of the Globe Theater in London, of Shakespeare's day? With his students as the actors, Mr. Bowmer got some financial assistance from Ashland business men for the presentation of the first play, "Twelfth Night."

The business men insisted that the play should be followed by a boxing match, to insure against a deficit. But even Professor Bowmer was astonished when the play drew so many people that it was able to offset the financial loss resulting from the prize fight.

In 1939 the event was so well known that the Lithia Park players were invited to present "The Taming of the Shrew" at the San Francisco World Fair. The project was temporarily abandoned in 1942, for America was at war, but it was resumed in 1946.

This year there will be a total of 16 presentations of "Love's Labour Lost," "King John," "Othello," and "The Merchant of Venice." The capacity audiences are made up of townspeople, loggers, lumbrejacks, ranchers, locomotive engineers, sport fishermen and transient tourists.

The plays are staged as nearly as can be in the concrete shell, on an Elizabethan stage, in rapid story-telling tempo. The average time of each play is an hour and 45 minutes. The unique venture is a complete success and it is bringing no end of good publicity to Ashland and Oregon.

FOR BETTER HIGHWAY MARKERS

(Grand Rapids Press)

Michigan residents and tourists alike should welcome the news that the state highway department is planning to do something about our inadequately marked highways. As anyone who drives much around the state can attest, we haven't anywhere enough road markers, and many of those we do have either are too unobstrusive to be much good or fail to give all the information desired.

When Frank Eisenach, planning traffic engineer in the highway department, says, "We consider that adequate signs are a vital part of good highways," he is stating a simple truth. Good roads are designed to get the motorist to his destination safely and quickly. When not properly marked they may well fail of their purpose in both respects.

A good highway system should be posted with signs that tell the motorist where he is at frequent intervals, how to get to where he is going and what to expect immediately ahead. The signs should be big enough so that it isn't necessary for him to come to virtually a complete stop to read them, and thus pose a hazard for all traffic at that particular point. Good examples of the type of signs needed are those on the south beltline which indicate in large, conspicuous letters the name of the intersection the driver is approaching. We need more of that kind all over the state.

Take My Word For It . . Frank Colby

ON COMPARING THINGS

Not, "New York is larger than any city in the United States." This is illogical for the reason that "any city' 'includes New York. New York, therefore, cannot be larger than itself. Better say: New York is larger than any other city in the United States, or: New York is the largest city in the United States.

Not, "Jack is the most intelligent of all the students." No; "all the students" includes Jack, who cannot be more intelligent than himself. Improved: Jack is more intelligent than all the other students. Or: Jack is the most intelligent students in the class.

Not, "Texas is larger than all the states." This is wrong for two reasons: (1) "All the states" includes Texas; (2) Texas is not larger than all the states combined. Correct: Texas is larger than any other state. Or: Texas is the largest state in the union.

Not, "His hair is as black as an Indian." Not so; Indians are red-skinned, not black. But Indians do have black hair. Therefore: His hair is as black as an Indian's (hair).

Not, "Students in city schools are more crowded than country schools." This is illogical, for it compares students with country schools. Better: Students in city schools are more crowded than students in country schools. Or: City schools are more crowded than country schools.

Not, "I like John as much as Mary." Not clear. If you like Mary too, better say: I like John as much as I like Mary. If Mary likes John, better say: I like John as much as Mary does.

* * *

Watch the words "presently" and "momentarily."

Not, "He is presently engaged in campaigning for re-election." Use of presently in the meaning of "now; at the present time" is dialectal, as any good dictionary will attest. Yet we see the usage frequently in good publications. In modern English, presently means, "in a little while, or soon." Do not use it otherwise. Better say: He is now (or: at present) engaged in campaigning for re-election.

Not, "He is momentarily out of work." Momentarily does not mean at the present moment; now; at the present time. It means, "from moment to moment; at any moment; for a moment only." Better say: He is now (or: at present) out of work.

Are "have got" and "have gotten" ever correct. Mr. Colby's leaflet, C-2, explains the constructions in which these phrases may be used correctly. Send 5c in coin, and a stamped, self-addressed envelope to him, care of this paper, P. O. Box 99, Station G, New York 19, N. Y.

Wallace Party Is Slipping

BY MARQUIS CHILDS

Washington.—As the months have passed since Henry Wallace announced that he would run for president on a third-party ticket, the real objective of the managers of the third-party movement has become all too clear. It is to present the country with an ultimate choice between extreme left and extreme right.

Childs

In other words, the objective is to shut out the hope for a middle way of compromise. The men and women behind Wallace do not believe in the American system. It is a cornerstone of their faith that the system under which we live must inevitably go down in ruin.

As the objective has become clear, so has the popular support for Wallace declined. If the election had been held last January, I believe Wallace would have polled a large vote—perhaps as high as 10,000,000.

THIRD-PARTY DECLINES

Today all indications are for a vote under 5,000,000 and possibly as low as 3,500,000 or 4,000,000. No longer can smug, old-line Republicans be confident that the Wallace party will guarantee victory to the Dewey-Warren ticket regardless of what the ticket may or may not stand for.

Despite the decline in popular following, the hard core of the third-party movement remains unchanged. It is composed of Communists and fellow travelers. At the same time, thousands of sincere men and women who are not Communists or even fellow travelers continue to believe that the salvation must come through Wallace.

Now and then the managers close to Wallace have been startlingly frank about their real aims. An episode that was revealing in more ways than one occurred some time ago.

A man of genuinely liberal convictions was asked by one of the Wallace insiders to state whether he was with them or not. Since he is the head of an organization with a sizable membership and his word would carry weight with that membership, his answer was of more than passing importance to the third-party.

RED TACTICS RECALLED

Having just seen at first hand in Europe the ferocity of the Communists toward social democracy, he replied that he would not be for Wallace and the third-party. The response from the Wallace insider was an angry denunciation that went something like this:

"It's so-and-so's like you who try to sit on the fence who will get it from both sides. If the Fascists come to power, they will certainly do away with you. And if we come in, you don't need to think for a moment that we're going to spare you. You're through."

That put it just about as nakedly as it could be put. I thought of that episode during a conversation I had with an earnest, hard-working Republican senator who likes to think of himself as a liberal. The senator wondered what was the long-range goal of the men behind Wallace.

It seems to me there should be no doubt in anyone's mind about that goal. The Wallace managers regard the Democratic party as a hopeless anomaly that is rapidly passing into the discard. They are convinced that the GOP is the party of reaction, which is bound to bring the country to Fascism.

They intend that America shall be faced with a choice between Republicanism, as they define it, and the left, as they will manage it. In order to hasten that day they are deliberately seeking to defeat all liberal, middle-ground candidates running on the Democratic ticket.

"But we don't intend," said my Republican friend plaintively, "to let the Republican party go reactionary. We intend to make it a truly Progressive party."

CHANCE FOR LIBERALISM

Certainly, the opportunity is there. It is an opportunity such as few men and few parties have ever had. It is the surest way to thwart those who believe the choice in this country is between two violent extremes.

Already the common sense of the American people has begun to assert itself. The efforts of the Communist-run third-party to defeat truly progressive candidates, whether Republican or Democratic, are not likely to succeed.

In Illinois the Wallace party has been ruled off the ballot for failure to comply with election statutes. This gives a better chance to Paul Douglas, running for senator, and Adlai Stevenson, Democratic candidate for governor opposing Dwight Green, who has been the convenient servant of the McCormick wing of the GOP. The trend away from the third-party is more pronounced than anyone could have predicted a few months ago. It is a hopeful sign of political maturity.

PATH OR TRAIL— Met Joe Sturgeon of Gladstone the other day and we discussed, briefly, the location of an old Indian trail that once extended from Escanaba to Marquette.

"A number of years ago when I was working for Chase S. Osborn we were walking through the woods and I said I would take a path to the left and meet him at camp," Joe reported. "Osborn stopped, looked at me and asked: 'What's the difference between a path and a trail?' Since I didn't know I was smart enough to say so and Osborn then told me that a path is made by animals, and a trail by human beings."

Dunathan

Chase Osborn is a former Michigan governor who has to his credit several books, an unflagging interest in all that goes on about him, and a powerful will to live and to enjoy life. Despite his 80-odd years he has recovered from a hip fracture and has had his vision restored by a recent operation for the removal of cataracts.

His summers are spent at Duck Island near Sault Ste. Marie and his winter home is in Georgia.

OVER THE BLUFF—In a recent column I had written that search had failed to reveal the location of the old Indian trail from Escanaba to Marquette. Joe Sturgeon tells me the trail forded the Escanaba river where No. 1 dam is now located near the present highway, continued on to Gladstone atop the bluff and near Rapid River swung northward toward Marquette.

Sturgeon's explanation that this old trail became a wagon road when white settlers moved into the area probably accounts for present-day failure to find the original trail made by the Indians. It has long ago been obliterated by the tracks of wagon wheels.

MAN'S BEST FRIEND — Herb Holderman of Escanaba, out for some late-summer trout fishing, approached his favorite hole where the big ones lurk and tossed a handful of grasshoppers into the pool. While he waited, partly concealed behind the brush, to see whether the big trout were still there, he could hear his dog running through the woods behind him.

There was a swirl in the water and the grasshoppers disappeared. The big fellows were there! Herb got his pole and line ready and was all set for some fine fishing when there came a splash on the other side of the hole. His dog had circled and come back to plunge into the water and swim across to her master.

After the surface of the pool had become placid again Herb began fishing—but the big ones kept warily to the bottom and the trout he caught was a young and inexperienced one that had not yet learned the facts of life.

TRAFFIC PACKED — Reports from St. Ignace reveal that the traffic rush on the state ferries at the Straits has been the worst in many years. Waiting in line, both at St. Ignace and Mackinaw City, has become an established custom, not an exception.

The Northern Michigan Road Builders association in recent meeting at Mackinac Island adopted a resolution advocating state ferry improvements to help speed the crossing. Completion of a new icebreaker ferry, and dock improvements were mentioned specifically. The new ferry alone would not end the congestion, the Road Builders pointed out.

GRATEFUL — The Bethany Echo, publication of Bethany Lutheran church in Escanaba, has on its cover the picture of a Finnish woman and her two young daughters. The mother expresses her appreciation for the gifts sent to her from America, and at the same time reports:

"This place is no good for children to grow up but I hope they will soon learn to know what's good. I pray God to give me wisdom to teach my cihldren the good things in life."

The thought she expresses is revealing because Finland is now burdened with Communist domination.

The children of the Finnish woman are pictured holding dolls and the mother writes: "Of course we had to take the dolls along, the girls like them so much." She is grateful for the gifts from the congregation of Bethany Lutheran church, which came "just when I felt everything was just too hard to get over." The dolls? They were the gift of Mrs. A. V. Aronson, who was sure they would find a good home and the loving care of a little girl in Finland.

THE BUILD-UP— Clyde Yeadon of Iron Mountain is working day and night in the old Lincoln-Ferndale school putting on paper adventures of Paul Bunyan and his crew. These comic strips have been syndicated as a national feature and will soon appear in magazines and newspapers across the land.

The Iron Mountain News presents a sample of Yeadon's work. It shows "Canthook" McIntosh in Bunyan's camp, dressed only in his red flannels and wondering whether his britches are black with white checks, or vice versa. A sleepy lumberjack yells from his bunk: "Make up your mind, Mac, and go to bed!"

INTO THE PAST

Ten Years Ago

Escanaba—Mrs. Nick Bodette has returned from Chicago where she has been visiting with her son, Ralph, who is a patient in the Marine hospital, recovering from injuries received in an automobile accident several weeks ago. His condition is greatly improved.

New York, (AP)—Dobbin lost out to the motor car, but the "Iron Horse" isn't giving up to the airplane.

This Friday the rails between Chicago and New York will hum with a new railroad answer to the powerful post-war bid by airlines for America's luxury-loving passenger trade.

It is a new and glamorized version by the New York Central of its famous Twentieth Century Limited, for 46 years its crack express train.

It will be a traveling art gallery. A passenger can buy an oil painting by a contemporary master from exhibits in the observation cars. He also can pick up a radio-telephone and call London, Tokyo, Bombay or Moscow. The railroad doesn't guarantee, however, who will answer calls put through to the Kremlin.

Will Cost $2,000,000

Each new limited—there will be two trains—will cost $2,000,000 and consist of a diesel locomotive and sixteen cars. They will make the 960-mile journey to Chicago in 16 hours, averaging 60 miles an hour. The return trip to New York will be faster—15½ hours.

The new trains are lineal descendants of the First Twentieth Century Limited, which startled the railroad world back in 1902 by inaugurating a regularly-scheduled 20-hour service between New York and Chicago and guaranteeing to pay every passenger $1 for each hour the Limited was late.

A British newspaper solemnly warned at that time:

"Surely it is only as experiment. The operators will soon find that they are wasting fortunes in keeping their property in condition and then, loving money better than even notoriety, the 20-hour project will be abandoned."

It wasn't abandoned. The schedule was even cut further. And between June, 1902 and September, 1938 the busy Limiteds carried 3,604,674 passengers and brought in $139,945,346 in fares.

In 1928 they had a record 227-193 passengers who paid $9,968,-301. Last year there were 122,961 passengers and the revenue was $3,903,423.

First Train Cost $115,000

That first train—a locomotive and five wooden cars—cost only $115,000, the price of a single sleeper car today. There were only 27 paid passengers, including the noted financier, John W. (Bet-A-Million) Gates.

Stepping aboard at New York Gates announced: "This train will make Chicago a suburb of New York." And stepping off at Chicago exactly 20 hours later he said with equal diplomacy: "The Century will make New York a suburb of Chicago."

Travelers in 1902 marveled that the train was electric-lit and carried a barber, valet, maid and a stenographer.

"The trip was kind of routine," said Briggs, recalling the first journey. "We traveled with the windows open, and in the morning when the passengers woke up they looked like they had been made up for a minstrel show."

Air-conditioning ended the soot problem in 1924. Briggs also was aboard for the first trip made by the Century in 1938, when it was streamlined.

That edition, like the 1948 version was designed by Henry Dreyfuss and built by Pullman-Standard.

The Washington Merry-Go-Round

BY DREW PEARSON

Washington.—If war should come to beleaguered Berlin, the men at the top of the U. S. Army today are among the most competent, human, and civilian-minded that this newsman has seen around the war department in many a year.

Pearson

This appraisal, by the way, comes from a longtime and vigorous critic of the brass hats.

Responsible for this new deal around the Pentagon building are General Eisenhower and his successor, modest Omar Bradley.

It is important for the American public to know that when the daredevil boys of the Air Forces and the drop-the-bomb-now men of the Navy gather at joint chiefs of staff meetings, there is always present one calm conscience who never forgets the 300,000 G. I.'s buried under white crosses from Guadalcanal to Sicily.

Take off his uniform and Omar Bradley looks like a college professor. He is quiet, gracious, generous, good-natured and basically a very plain person. Everybody who ever worked with Bradley remarks on his simplicity. His mess sergeant in France had orders never to use Bradley's name to wangle food for headquarters. Once during the historic landing at Normandy, Bradley, then a 3-star general, took off his fleece-lined jacket and handed it to a shivering corporal.

"Here, son," he said. "It will be easier for me to get another than it will be for you."

BRADLEY STUDIES LIKE G. I.

Bradley has so monotonously plugged away for the little guy both in war and peace that he is almost taken for granted.

Typical of his quiet manner is the fact that, after being appointed chief of staff, but while waiting to be sworn in, he took two months of refresher courses at the Pentagon side by side with other officers. They report that Bradley was never late for class, took careful notes, shamed many a colonel or one-star general by his promptness and interest, compared with their casual attitude.

It may have been because Omar Bradley was from Moberly, Missouri, that President Truman picked him to be veterans administrator, later chief of staff. If so, this geographical coincidence was the good luck of the American people. However, it was not luck which put Bradley on the top.

When a youngster he worked for the Wabash railroad; being poor yet anxious for a college education he applied to his congressman for a West Point appointment. To take the examination in St. Louis, he had to promote a pass on the Wabash.

EISENHOWER'S CLASS MATE

Bradley was graduated from West Point in the class of 1915. Another famous member of that class was Dwight Eisenhower of Kansas. Ike ranked 100th. Bradley ranked 44th. Perhaps this rather low rating should not be cited in the month of September, when several million American youngsters are reluctantly going back to school; so, in passing, it might be noted that General MacArthur graduated No. 1 in his class of 1903.

Bradley's start in the recent war was none too happy. He commanded the 28th Division, officered in part by Republican politicians from Pennsylvania. Senator Ed Martin was commanding general, later relieved (for age) by Bradley, while Jay Cooke, one of Stassen's hot supporters, was a battalion commander.

After various difficulties with the 28th Division, Bradley stepped up to command a corps under General Patton in Sicily, later became top commander of the European theater, entrusted with carrying out the strategy of General Eisenhower and the Allied chiefs of staff. He faced some tough problems.

BATTLE OF THE BULGE

One of them was getting along with temperamental, grandstanding Field Marshal Montgomery. Bradley had no regard for Monty's lack of nerve and reluctance to advance. But realizing Montgomery was a symbol to the British people, he said no word against him.

Bradley got part of the blame for the Battle of the Bulge, and toward the end of this battle Montgomery, his rival, was given command of part of Bradley's forces. However, the inside fact is that it was Montgomery's stooge, General Strong, who served as Bradley's chief intelligence officer, plus Gen. Eddie Siebert, an American, who claimed the Germans could not possibly attack in the Ardennes.

Only his close friends know it, but Bradley himself was worried before the attack, took a trip down to the Saar to talk it over with "Old Blood and Guts" Patton. His explanation to Patton was that "topside" had ordered him to leave the Ardennes woods exposed, since the Germans could not possibly attack. After it was all over, Bradley, like the soldier that he is, took the blame for the Battle of the Bulge on his own shoulders.

But the toughest job Bradley ever faced came after Potsdam, when Truman asked him to unravel the muddled veterans administration. The V. A. is the world's largest social-welfare agency, the world's biggest dispenser of pensions, the world's biggest operator of hospitals and one of the world's biggest banks.

Running it is one of the most thankless jobs in the United States. Unfortunately, when men in government do a good job they get little applause. Bradley did so well that he attracted scant attention until he took the gentleman who is supposed to be able to do no wrong—the commander of the American Legion—and publicly whipped him.

When Bradley first became chief of staff, Secretary Forrestal kept him so busy on strategic problems that he had little time to revamp the administrative side of the Army.

Army, Air Force Start Enlisting Women Tomorrow

Plans for the enlistment of women in the Regular Army and the regular air force, beginning Sept. 15, were received today, T/Sgt. Spencer C. Mathison in charge of the Escanaba recruiting station, said today.

In accordance with the policy, announced earlier this year, that quality and not quantity would keynote selection, applicants will be required to meet high standards of character, health and education.

Enlistment in the Women's Army Corps and Women in the Air Force will be open to women, with or without prior military service, starting September 15. Non-veterans will be required to possess a certificate of graduation from high school or hold a state-recognized equivalent. Women who have been honorably discharged from the service are not subject to those educational requirements, it was said.

Enlistment will be open to all qualified women who are at least 18 years old but have not reached their 35th birthday. Applicants under the age of 21 must have the written permission of their parents or guardians.

The WAC Training Center, Camp Lee, Virginia, will be opened about October 1 for the training of women without prior military service and for the processing of those with prior service. All WAFS will be trained or processed at the Air Forces Indoctrination Division, Lackland Air Force Base, San Antonio, Texas, beginning about October 15.

Application blanks and full information on the WAC and WAF will be available at all Army and Air Force Main Recruiting Stations on September 15. The local Recruiting Station is located at 1215 Ludington St., Escanaba.

Safety Campaign Is Launched Here

A reduction in the accident toll of death and injury among Escanaba children is the objective of an intensive campaign being carried on by the 6 members of the agency force of the Metropolitan Life Insurance Company in the city and surrounding territory. The effort is part of a national child safety campaign being launched this month by the life insurance company with the co-sponsorship of the U. S. Children's Bureau, the American Academy of Pediatrics, and the National Safety Council.

The local campaign is planned to reach all homes in the area with a direct message designed to enlist parents and older members of the family in an intensified effort to recognize and correct unsafe conditions, and to help the child, through example and guidance, to develop safe habits and practices.

The door to door phase of the Escanaba campaign is ambitious, somewhat reminiscent of the War Bond drives, but if it helps to save the life or avert the crippling of even one Escanaba child, the time and personal effort of all involved will be more than justified.

A key activity of the local campaign is the distribution of an illustrated booklet, "Help Your Child to Safety", prepared by the Metropolitan, which suggests ways of eliminating the unsafe practices and hazards which are responsible for the great number of accidents to children. The booklet also is being offered to the public through the Delta Health Center.

The local campaign of the Metropolitan agency force is in charge of J. Pillote, detached assistant manager at Escanaba.

The revenue system of the U. S. government is primarily based on six taxes: personal income, corporation income, liquor, tobacco, estates and employment.

"But, Dear, if the car will run on the battery why does this man put in gasolene?"

CITIES SERVICE

Because it's the gasolene that puts the pep and go into the engine, lady. And for *real* pep we suggest Koolmotor Gasolene. You see, Koolmotor is a balanced gasolene, blending high-octane, anti-knock elements with power-full components to give your car flashing pickup, speed and power.

Make this test yourself. Drive into a Cities Service Station for a tankful of Koolmotor. Step on the starter, and let 'er go. Watch that quick "get-away" and feel that *surging* power on the hills and straightaways. Try Koolmotor Gasolene today—at Cities Service.

Strom-L'Heureux

Albertine Helen Strom, daughter of Attorney and Mrs. Alger W. Strom of Gladstone and Richard William L'Heureux, son of Mr. and Mrs. Albert L'Heureux, 329 South 10th street, Escanaba, spoke their marriage vows in an 11 o'clock ceremony Saturday morning, Sept. 11, in St. Joseph's rectory before Rev. Fr. Stephen Schneider, O. F. M.

Attendants were Naomi Margaret Strom, the bride's sister, Elaine Yvonne L'Heureux, sister of the bridegroom, Albert E. Taylor, jr., and Rodger Richards.

The bride wore a pastel green suit with gray accessories and a white rose corsage. Miss Strom's suit was dove gray gabardine and her accessories, navy blue, and Miss L'Heureux wore a brown suit with gold accessories. Both had corsages of asters and gladioli.

The bride's mother was dressed in a steel gray two-piece faille dress with black and gold accessories. Mrs. L'Heureux wore a black crepe dress with black accessories. The mothers' corsages also were asters and gladioli.

A dinner for immediate family members was served at 12:30 in the Marine Room of the House of Ludington and a reception was held from 3 to 7 at the bride's home.

The newlyweds, following their honeymoon trip, will live in Escanaba at 820 First avenue south. The bride, for traveling, wore an aqua two-piece dress with brown accessories.

The bride, is a Gladstone high graduate and is with the office of the Kresge Co. store. Her husband, who was graduated from Escanaba high school, is employed by the Fair Store.

Civic Theatre Meets To Plan Year's Program

A group of Escanabans interested in drama attended the regular meeting of Escanaba Civic Theatre held in the Recreation Center last night.

Gordon Flath, chairman, told the group of the need in the organization for new talent. He stressed the fact that Escanaba has accorded a theatre group a warm reception and that without the organization first and second rate Broadway plays would not be available to Escanabans.

Civic Theatre activities for the coming year will center about a three-act play, one-act plays and other dramatic presentations. The major play will be selected from the following group chosen by the play-reading committee: "Another Language," Rose Franken, "I'll Leave It To You," Noel Coward, "Craig's Wife," George Kelly, "Silver Chord," Sidney Howard and "Kind Lady," Edward Chodorov.

Plans were made at last night's meeting for a joint board of directors and play committee meeting Monday, Sept. 20, at 8 p. m. at the Recreation Center. The next regular meeting will be held Sept. 27 in the same place. New members will be accepted then and other persons interested in the group may attend.

Whitney Dixon, a charter member of Civic Theatre, reviewed the activities of the group during the past 10 years.

"Membership," he said, has ranged from 25 to 70 persons. Civic Theatre is again on the upgrade after the war years. The group has built a good reputation in the city and has been favorably received."

During the meeting Marie Gray gave a dramatic reading of "If I Were King" and Miss Anna Hendricks sang Victor Herbert's "Always Do As People Say You Should."

YESSIR ... WE'RE LAYING 'EM IN THE AISLES
Since We've Been Eating
King Midas Laying Mash

YEP, we're wowing 'em! . . . Egg production has gone up and up . . . we're laying 'em in the aisles! . . . Ever since the Boss put us on that new King Midas Laying Mash. Why, once our eggs were scarce, but not any more. King Midas Laying Mash that turned the trick, with the vitamins and minerals and other stuff we needed! Keep the hoppers full of it, Boss, we'll keep you hoppin'—gatherin' in the eggs!

King Midas Laying Mash is rich in proteins which stimulate egg production. More than this, however, it contains an abundance of essential vitamins and rare minerals which are equally necessary if the hen is to be capable of reproduction over a period of time. Herein lies the explanation for its exceptional results and the reason why so many poultrymen have continued to feed King Midas Laying Mash for many years. Make sure the laying mash you use makes possible CONTINUED high egg production. Switch to King Midas Laying Mash now.

MANY ATTEND RALLY SUNDAY

B. Townsend Visits Area To Explain Plan

Bob Townsend, Cleveland, son of the founder of the Townsend movement, was the principal speaker at a Townsend plan rally held Sunday at Pioneer Trail Park.

Other speakers on the program were George Woodson, Lansing, state organizer for the Townsend club; A. T. Rossow, Days River; William Miron, Escanaba, and Ted Ohlen of Gladstone.

Sixty-five new members were enrolled in the club at the rally. All attending the rally had the opportunity to meet Mr. Townsend in person.

Townsend explained in detail how the plan his father evolved was to work, declared the local welfare situation about on a par with that in the rest of the nation, and stated in his belief that it was possible to avoid another depression.

Woodson dwelt on the so-called 'lien law' against holdings of the recipients of old age assistance; Rossow hit at the welfare setup and cited changes he thought should be made in present welfare legislation; Ohlen explained the proper use of the ballot at the polls Tuesday, and Miron lauded the Townsend plan and expressed pleasure at having been a member of the organization.

Mr. Townsend and Mr. Woodson were accompanied here by their wives. Mr. Townsend left here for Duluth where he will start a tour of Minnesota.

Ensign Woman, 90 Sunday, Is Honored

Mrs. Eveline Tennant, who celebrated her 90th birthday on Sunday September 12, was honored at an afternoon party held at her home in Ensign on Sunday. Over twenty-five people attended the event. The time was spent socially after which a delicious luncheon was served. A beautifully decorated birthday cake centered the table. Mrs. Tennant was the recipient of many lovely gifts.

Those attending from Gladstone were Mrs. Robert Wilbee, daughter of Mrs. Tennant, and Mrs. Wilbee's sons, Walter, George and Vincent and members of their families.

Brown-Matchinski

Curtis—In an afternoon ceremony performed in Bethlehem Lutheran church by Rev. Otto Newmann August 21, Rhoda Mae Brown, of Curtis, daughter of Mr. and Mrs. Cecil E. Brown of Lansing, became the bride of Melvin E. Matchinski, of Engadine, son of Mr. and Mrs. Charles Matchinski of Chicago.

The bridal aides were Barbara Harder of Lansing and Shirley Fillman and Joyce Matchinski of Engadine, and little Marilyn Long of Curtis who was flower girl. Gilbert A. Matchinski and Robert H. Matchinski of Chicago and William L. Fillman of Engadine attended the bridegroom and Donald Freeman of Muskegon was ring bearer.

The bride wore white satin with seed pearl trimming and an overskirt of marquisette and a fingertip veil caught to a crown of pearls and she carried white gladioli. Her attendants wore pink, blue and yellow marquisette trimmed with lace. They had flower headdresses to match their gowns and carried mixed bouquets. The flower girl wore a yellow frock with matching flowers in her hair.

A wedding supper for 400 guests was served at the bridegroom's home. The newlyweds are making their home in Engadine, following a wedding trip through the Upper Peninsula and to Chicago.

Zion Lutherans Pay Honor to Ahlstroms On 25th Anniversary

The morning service at Zion Lutheran church last Sunday had an unusual and festive ending.

As the service was about to close Rev. G. A. Herbert, pastor, announced that the organist was observing her twenty-fifth wedding anniversary. The remainder of the service was turned into a celebration honoring Mr. and Mrs. Harry Ahlstrom upon the happy occasion.

Flowers and a gift of silver were presented to the happy couple.

The marriage took place at Manistique on September 11, 1923, at which Rev. Augustus Nelson, then pastor of Zion Church, officiated. Mrs. Ahlstrom has for many years served as organist of the church. Rev. Herbert officiated at the anniversary ceremonies and at the reception following the service.

Thomas-Young

A wedding of interest to Gladstone residents is that of Edmund Young, city, to Barbara Thomas, at Battle Creek Sept. 3.

The following story appeared in a Battle Creek publication:

"Miss Barbara Anne Thomas, daughter of Mrs. Mildred Thomas of 461 West VanBuren and of Howard D Thomas of Big Rapids, Mich., and Edmund L. Young, son of Mr. and Mrs. William G. Young of Gladstone, were united in marriage at 8 o'clock Friday evening in the chapel of the First Congregational church.

"Palms, ferns and white gladioli decorated the church for the service which was conducted by the Rev. Don I. DeCoursey. One hundred and fifty guests were present.

"Blush pink satin was the choice of the bride for her wedding gown. Her French tulle veil was trimmed with lilies of the valley and she carried a bouquet of white gladioli centered with an orchid.

"Miss Elizabeth Douglas of Kalamazoo acted as maid of honor. Her gown was pink taffeta and she wore a Juliet cap trimmed with sequins and matching mitts. Her flowers were pink gladioli and roses.

"The two bridesmaids were Miss Elizabeth Calautti and Miss Marilyn Topliff of Eaton Rapids Their identical gowns were made of pale green taffeta and they also wore Juliet caps and matching mitts. White gladioli and yellow roses made up their bouquets. Lois Midlam, a cousin of the bride, was flowergirl, dressed in pink taffeta.

"Emil Ruf attended Mr. Young as best man and the ushers were Gerald Woodard of Howell, William Young of Chicago and Cecil Hart. James Girten, jr., another cousin of the bride, was ring-bearer.

"Mrs. M. Guy Lipscomb was the organist, and the soloist was Miss Virginia Bristol. The bride was given in marriage by John L. Shoemaker, a friend of the family.

"Mrs. Thomas chose a royal blue gown with black accessories and Mrs. Young wore navy blue with blue and white accessories. Both had white gardenias

"Following the service, a reception was held in the League room of the Hart hotel. Garden flowers and white candles decorated the table. Serving the guests were Miss Eaton and Miss Marian Eaton, aunts of the bride, and Miss Shirley Oster and Miss Mary Jo Hart.

"When the couple left for a trip to the Wisconsin Dells and Northern Michigan, Mrs. Young wore a black gabardine suit with pink accessories. They will be at home after September 13, at 425 West Dutton, Kalamazoo, where both are students at Western Michigan college.

"Out-of-town guests came from Chicago, Gladstone, Ypsilanti, Jackson, Kalamazoo and Hastings.

"Mr. Shoemaker was host to the bridal party and the families of the couple following the wedding rehearsal on Thursday evening. The party took place at his home, 306 Hamilton Lane."

CONSERVATION TALK SUBJECT

Education Important Says Director

What the Michigan Department of Conservation is doing in the matter of conservation education was explained to Gladstone Rotarians Monday noon at the weekly luncheon meeting at the Yacht club by Quentin Peterson, Marquette, director of education for the department.

Peterson told of the depletion of our natural resources throughout the state and also the nation and told of the development of conservation education in Michigan and throughout the nation.

Peterson's work has been mainly with youth groups and primarily in schools. It is the belief that to attain conservation it must be through education and this of necessity must be with youth.

He said many schools have included conservation education in civics classes or in some instances have had classes in conservation although he conceded that to have separate classes was in most cases impossible.

The speaker said the department had definite proof of the value of conservation education for in areas where it was in vogue conservation law enforcement dropped to a minimum.

The program was in charge of R. A. Hale.

Wallace C. Cameron reported that a committee he headed had voted to invite Manistique Rotarians to Gladstone for a party and if possible golf in the near future.

ACTION IN ST. JOE-GLADSTONE OPENER — Ray Alworden, Gladstone left halfback is shown here reeling off a long gain around his right in the season opener in Gladstone Saturday afternoon between Escanaba St. Joseph's parochial school and Gladstone high school. In fact, the Braves led by 13-0 at the half. But the Trojans from Escanaba were not to be outdone. Sparked by young Paul Legault, a "defensive" halfback, the Trojans came back the second half to beat the Braves, 19-13. This week, Gladstone plays at Munising Saturday, and St. Joe will be host to St. Norbert's next Sunday afternoon.

Giants Have Fun Bumping Off Flag Contenders In NL

By Ralph Roden
Associated Press Sports Writer

The historic Polo Grounds is fast gaining a reputation as the graveyard of pennant hopes.

Burt Shotton brought his Brooklyn Dodgers into the lair of the New York Giants over the weekend for a four-game series and left the cigar box with ony one victory

The high-flying Pittsburgh Pirates showed up last night boasting a seven game winning streak and Lippy Leo Durocher's fence busters cooled them off, 5-2.

By knocking off the pursuers of the front-running Boston Braves, the Giants themselves are sticking very much in the running for the National league flag.

Last night's triumphed boosted the Giants into a fourth place tie with the idle St. Louis Cardinals, five and one half games behind the Braves. The Giants and Cards are only .0005 of a percentage point behind the third place Dodgers. Who also trail the Braves by 5-½ games.

Lefty Monte Kennedy stopped the Pirates surge, scattering nine hits for his third triumph.

The Pirates opened in high gear, scoring once in the first inning on a double by Johnny Hopp, an infield hit by Dixie Walker and Ralph Kiner's ground out.

But the Giants bounced back in their half, pouncing on southpaw Vic Lombardi, a former Giant killer, for three runs. They scored their runs on an error by Stan Rojek, Whitey Lockman's single, Sid Gordon's double and Willard Marshall's two-run one-bagegr.

The Giants clipped Lombardi for another run in the second and completed their scoring in the sixth at the expense of Kirby Higbe. Kennedy gave up Pittsburgh's final run in the seventh.

Only one game was played in the American league, the St. Louis Browns upsetting the third place Indians, 3-2 at Cleveland. Pinchhitter Joe Schultz singled in the ninth with bases full to enable the Browns to break a 2-2 tie and win.

The loss left the Tribe three full games behind the first place Boston Red Sox.

CITY SOFTBALL CHAMPIONS — After compiling a highly commendable record of 30 victories and three losses in regular softball league and exhibition games during the season and gaining the reputation of being willing to take on all comers in the Upper Peninsula, the Escanaba Taverns were bounced out of the official Upper Peninsula tournament and the Negaunee Upper Michigan tourney — surprisingly enough! It was tough to take, but the busy, barnstorming Taverns, one of the top teams of the U. P., came through with flying colors to win the city championship in the tournament concluded Sunday night. It marks the second successive city title for the Taverns. Standing, left to right, are Tom Dufour, Bob Anderson, Ed Gauthier, Bob Boyle, Job Anderson and Cliff Beaudin, jr., manager, and seated, left to right, are Frog Winters, Bill Sullivan, Dale Wood, Louis Kositzke and Clifford Derouin. Members of the Tavern team not in the picture are Scoops MacDonald, Mark Valind, Mickey Kuchenberg and Billy Smith.

ESCANABA DAILY PRESS SPORTS "It Seems To Me"

BY JIM WARD

Tuesday—that's the day we pass out the bouquets, the accolades, the orchids for weekend jobs well done.

* * *

And what a weekend it was for Escanaba, the sports capital of the Upper Peninsula. The Eskymos mauled a much heavier but slower Soo Blue Devil eleven, 20-7. The Escanaba St. Joe Trojans pulled a surprise by upsetting the Gladstone Braves, 19-13, after trailing 13-0 at the half, and Escanaba golfers all but made a clean sweep in the U. P. open golf tourney in Iron Mountain.

* * *

So, orchids to the following:

TOM ST. GERMAIN — For coming through with victory over Gladstone in his first game as coach of St. Joseph's, his first game as a coach, period. A right, rugged assignment when you consider the opposition—one sharp operator Eldon R. "Cappy" Keil, a veteran of 25 years of coaching.

* * *

PAUL LEGAULT—That "defensive" halfback who went offensive in Gladstone Saturday to spark the Trojans to a last-half rally that turned defeat into victory. He scored two touchdowns himself and plugged hard all the way, despite a hard going over. Gerald Gleich, another Trojan stalwart, scored the other. The whole St. Joe team deserves a bouquet for the drive and fight it displayed.

* * *

ALL ESKYMOS — For spirit and aggressiveness that enabled them to soundly spank a team averaging 185 in the line and 157 in the backfield. The Eskymos average 155 in the line and about 145 in the backfield. **Herb Nicholson's** running; **Howard Perron's** hard running; **Don Carlson's** passing and **Dick Barron's** hard work in the line. Congratulations to Coaches **George Ruwitch** and **Dick Schram** for discovering a combination that shows considerable promise. Such moves as Nicholson to back from end, Warren Gustafson from fullback to tackle and the hard running Perron to full were inspired.

* * *

HARRY HOGAN—For coming through in an open tournament that included the pick of the Upper Peninsula golf field after a disappointing showing to date this summer. Hogan was about to go down as the hard luck player of the summer until he put together 35-36-39-35—145 to win the U. P. Open with room to spare and lead the Escanaba team of John Taggert, Elmer Swanson and Don Feller to an easy win (10 strokes over second-place Iron Mountain). Only a tough seven on the ninth hole of that third round kept Hogan from having four of the most consistent rounds ever shot in U. P. golf competition. And then he came back to score an eagle three there for a fourth round 35.

* * *

TOM DUFOUR—For playing on a city champion softball tam for four consecutive years. Dufour put that record in the books when his Escanaba Taverns vindicated a disappointing tournament showing to date by beating Northland Stores for the city title here Sunday night. Dufour played with the Taverns when they won the championship in 1947. He played with the VFW champions in 1946 and he played with Dagenais when it won the Escanaba title in 1945. That's one for the books.

Officials Rule Out Semi Pro Charges In Rainbow

Chatham, Sept. 14—Officials of the Michigan Rainbow Baseball league, have ruled that protests against teams using players who had completed in semi-pro baseball this summer will be disregarded, Chatham will be given credit for the two victories it claimed were unjustly taken from it, and also that southern division honors justly belong to the Gladstone Redskins, George Brown, league president, announces.

First result of the actions was the re-scheduling of the playoffs between Munising, the northern division winners, and Gladstone, to start this Sunday.

No action was taken on the semi-pro protests, because, as five of six managers present agreed, there had been no league ruling made at any time this season to prevent teams from using players who had tried semi-pro baseball. The matter had been discussed at a pre-season meeting in Trenary, but there was no action taken and managers were permitted to use their own judgement.

The playoffs were originally scheduled on the basis of two forfeits awarded Trenary and Gladstone. This league meeting was scheduled, on Manager Onen Posio's request, to reconsider, and league officers agreed that Chatham was entitled to the victories.

With that action accomplished, the southern division standings stood as they did at the end of the season, with Gladstone and Escanaba tied for first place on records of eight wins and five defeats. With approval of managers attending the meeting here, league officers awarded southern division honors to Gladstone, on the basis that Gladstone completed its full schedule while Escanaba failed to play its final two games and did not post forfeit money after either game, as the by-laws specify.

Mary Agnes Entered In Women's Amateur

Pebble Beach, Calif., Sept. 14 (AP)—Michigan's Mary Agnes Wall, of Menominee, is paired in first round play today with Grace Lenczyk of Newington, Conn., and Patricia Devany of Detroit meets Mrs. Ailen Weissmuller of Hollywood in her initial test in the U. S. women's amateur golf meet here.

Miss Wall qualified with an 87 score, while Miss Devany made 85.

Steelers Lose Two Leading Halfbacks

Pittsburgh, Sept. 14 (AP)—The 38-10 loss the Pittsburgh Steelers sustained at the hands of the Detroit Lions in an National Football League exhibition game Sunday was more costly than the score would indicate.

Two of the Steelers' best halfbacks, Ray Evans and Johnny Clement, were lost to the team for an indefinite period with rib injuries.

Bowling Notes

BARK RIVER BOWLING

Bark River, Sept. 14.—The Bark River Women's Bowling league will have a meeting at the Bark River Community Building at 8:30 Thursday evening. Everybody interested is urged to attend.

Big Nine Grid Data

Chicago, Sept. 14 (AP)—Big Nine football briefs:

Ohio State—Buckeye passers have the new look these days . . . a hood-like mask, designed by Prof. Hoyt L. Sherman of the school, is worn . . . the passer yanks a string and a flap opens, giving him only a short second to spot a receiver and aim at him . . .

Minnesota—Vern Gagne, who has been working at right halfback, has been shifted back to end position . . . this made room for Walt Hausken who dropped out of school after showing well at right half last fall . . . he returned to classes only recently . . .

Wisconsin—Ends Harold Haberman, Ken Sachtjen and Harold Faverty are sidelined with injuries . . .

Iowa—Halfback Jim Halliburton scored on a 50-yard run for the Reserves during a full scrimmage . . . pass defense being stressed in preparation for Marquette's expected aerial attack in the season opener Sept. 25 . . .

Michigan—Sophomore Leo Koceski, right half from Canonsburg, Pa., displayed speed and sharp pass catching from Gene Derricotte in a lengthy offensive drill. .

Purdue—Three major lettermen are on the injury list and not expected to start in tonight's intrasquad game . . . they are Captain Phil O'Reilly, tackle; Bob De Moss, quarterback; and Bill Horvath, guard . . .

Illinois—Five regulars were demoted from the first team after the 25-6 trimming of the varsity by reserves . . . nudged off the varsity were fulback Russ Steger, quarterback Bernie Krueger, ends Sam Zatkoff and Jim Valex and guard Aldo Martinago . . . replacing them were fullback Burt Schmidt, quarterback Tommy Stewart, ends Walt Kersulis and Tony Klimek and guard Chuck Gottfried . . .

Northwestern — Don Burson starred in a long passing drill with ends Joe Zuravleff and Chuck Hagbann, a converted tackle, on the receiving end . . .

Indiana—Veteran George Taliaferro was busy punting as the Hoosiers had a long drill protecting the kicker and getting downfield to halt returns . . . quarterback Nick Sebek wil be Taliaferro's relief in punting assignments.

Manistique '9' Nips Cooks In Exhibition

Manistique, Sept. 14 — In a bangup exhibition game here between Manistique's Cardinals of the Rainbow league and Cooks, champions of the Bay de Noc circuit for the second straight year, the home nine nipped Cooks, 2-1.

Each nine collected five hits, but all runs were unearned. Cooks was guilty of three errors and Manistique four. A return exhibition game will be played at Cooks next Sunday afternoon.

Mother-In-Law Dies But Ball Game Goes On

By Hugh Fullerton Jr.

New York, Sept. 14. (AP)—A certain Southeastern conference coach who is on the receiving end this year because he doesn't "go git 'em" like he used to, suggests: "It's about time the NCAA created a purity code for football fans.". . Yeah, but they're having a tough enough time trying to keep players, coaches, athletic directors and a few "old grads" in line. . . A fan's code would require more enforcement machinery than prohibition—and would be just about as popular. . . Chic Harley, sophomore halfback at Illinois, is a nephew of Ohio State's celebrated Chic. . . This kid once scored four touchdowns in one game for Fenwick high of Chicago. . . Publicitor Earl Hilligan points out that in 47 years American league pitchers have notched only 224 twenty-game seasons. Which doesn't make Bob Feller's season look too bad—except by comparison with Bob Feller.

One Error

Jack Gallagher of the Austin, Texas, American-Statesman, relates how a baseball fan recently was summoned to the press box phone at Austin to receive an "important message.". . The fan trudged in, listened with a solemn look, then turned to leave. . . As he passed the last reporter in the box, the man pulled a scorebook from his pocket and asked apologetically: "How did that last batter go out? I was delayed for a minute. A death in the family—my mother-in-law."

Quote, Unquote

Georges Carpentier: "France has no good heavyweights and the best in Europe is the Austrian, Jo Weiden. . . Still there is interest in boxing but they need a leader. If Marcel Cerdan wins the title maybe he will stimulate boxing."

Cleaning The Cuff

Dampest crying towel of the football season apparently belongs to Minnesota's Bernie Bierman. . . Injury dept.: Bus Entsminger, Missouri quarterback, sprained a thumb trying to remove a wet sock from his own foot. Gomer Jones, Oklahoma line coach, skinned an arm when he fell off a chair in the dressing room. "I never was an armchair coach." Gomer explained.

Charles Gets Nod Over Bivins, But No Louis In Sight

Washington, Sept. 14. (AP)—There's a growing suspicion that the boxer who succeeds Joe Louis as the heavyweight champion of the world isn't going to be another Louis.

Ezzard Charles, a light heavy who likes to mix with the big boys, heightened that suspicion last night.

True, the Cincinnati boy won a unanimous, though close, decision over Jimmy Bivins of Cleveland.

True, too, it was a good performance, with lots of good boxing and a whirlwind ending that brought the crowd of 11,631 to its feet.

But this fact was inescapable:

Both the Ohio Negroes landed blows that, had they been tossed by Joe Louis in his prime, would have ended the fight.

And what happened to the Messrs. Bivins and Charles?

Neither was knocked down—and neither was hurt. Louis' power was missing.

Yale University has had more All-America football players than any other college in the nation.

Amo Bessone Named Tech Hockey Coach

Houghton, Mich., Sept. 14 (AP)—Amo Bessone, amateur and professional rink star, has been named hockey coach at Michigan College of Mining and Technology.

Bessone, former University of Illinois skater, served as hockey coach and physical director at Westfield high school in Massachusetts until recently. At Illinois, he was named most valuable player in 1941-42 and captain the next season.

He also played professional hockey with the Providence Reds and New York Rovers in the Eastern league.

MICHIGAN BOXER WINS

Chicago, Sept. 14 (AP)—Lightweight Bobby Mc Quillar of Port Huron, Mich., sent Cincinnati's Candy Mc Daniels to the canvas for two long counts last night and then went on to win an eight-round decision in the Marigold Gardens main event.

Spicy Doubleheader On Tap Tonight At City Memorial Field

In an exhibition sure to warm the hearts of dyed-in-the-wool Escanaba softball fans, the Paper Mills, Upper Peninsula Class A champions, will battle the Escanaba Taverns, Escanaba city champion for the second successive year, at Memorial Field at 8:45 tonight.

Members of these two teams want to get one more crack at each other before the season closes, and tonight they'll get it, Reno Beck, city softball association prexy, said this morning.

In a preliminary encounter at 7:15, another grudge game is on tap. Clairmont Transfer will square off against Northland Stores, the U. P. Class C champion. This argument stems from the fact that Northland won the city National league championship but only after scoring two runs in the last of the seventh inning to beat Clairmont's by 2-1.

CARD OF THANKS

It is with a feeling of sincere gratitude that we take this means of expressing our deep appreciation and thanks to all of our neighbors, relatives and friends for their kindnesses shown us in our recent sad bereavement, the reburial of our son and brother, Sgt. Clarence Plansky. We are very grateful to Rev. Hanson and Rev. Robertson, to those who served as pallbearers, the American Legion, the V.F.W., those who offered the use of their cars, sent floral bouquets, and all others who in any way helped to lighten our burden of sorrow. Your kindness will always be held in grateful remembrance.

Daughter Spurns Father's Offer To Sell Her for $7000

Detroit, Sept. 14 (AP)—Blonde Georgie Martin refused today to have any part of her father's plan to get her a husband who could pay $7,000.

"I'm ruined," wailed the 19-year-old secretary.

But George Martin, her 53-year-old father, insisted he "just wanted to make sure that Georgie would be well taken care of if anything happened to me."

He told reporters he was in financial difficulties after being forced to quit work a year ago. At that time Georgie, who needed but two years to complete work for a law degree from the university of Detroit, was forced to drop her studies.

Debts were piling up, Martin said, when he began to read newspaper accounts of women who offered themselves in marriage to rich suitors.

Thinking the move might lift some of his own financial burden and help Georgie finish her education, he said he sent letters making the marriage proposal to papers in Wyoming, Idaho and Montana.

Georgie then announced she knew nothing of the matter until it appeared in a local paper. And it's "no sale," she added firmly.

Louis May Retire Officially Today

Philadelphia, Sept. 14 (AP)—Joe Louis may make his retirement as heavyweight boxing champion official today.

The champion is scheduled to attend a dinner of the National Boxing association tonight at which time he may make known whether he plans to keep the retirement pledge made to his mother after he whipped Jersey Joe Walcott in June.

There have been rumors that the Brown Bomber might make one more defense of his crown but he repeatedly has said he was through as a fighter. However, he was until Dec. 25, six months after his last title defense, to inform the NBA in writing of his retirement.

Cooks

Cooks, Mich. — Mr. and Mrs. John Tanguay of Marinette spent the weekend with the former's father John Tanguay.

Labor Day guests at the Herbert Popour home were Mr. and Mrs. Fred Smith of Chicago, Mr. and Mrs. Chas Mann of Rockford, Ill., Mr. and Mrs. Lyle Leonard and Mr. and Mrs. John Carey of Escanaba, Mr. and Mrs. Wally Parrish of Dearborn, Mich., Mr. and Mrs. L. Popour and Mr. and Mrs. Horace Fox of Cooks.

Mr. and Mrs. Bobby Bockorny of Dearborn spent the weekend with their parents, Mr. and Mrs. Harry Bockorny of Cooks and Mr. and Mrs. Dave Cooper of Manistique.

Mrs. Odile Hardy who has been visiting with her daughters in Jackson returned home Sunday accompanied on the trip by her daughter Florence Bossom and Mr. Smith who left Monday accompanied by Joe Hardy.

Lawrence Wilson and Russell Middaugh left Monday for Iron River where they will be employed on road work.

The ball game on Sunday between Cooks and Nahma was attended by the largest crowd of the present diamond gate receipts totaling nearly 200 dollars.

lines are drawn for all the world to see. The Russians are going to have to talk turkey on the highest levels in Washington, London and Moscow."

In Moscow, informed observers looked for a climax sometime this week on the four-power talks over the Berlin crisis. Whether the talks end in success or failure, appeared to hinge on what takes place at the next meeting of the East-West diplomats at the Kremlin, perhaps tomorrow.

Hollywood Perfume Bombing Is Failure In Smoke And Fog

Los Angeles, Sept. 14 (AP) — Beverly Hills, Hollywood and downtown Los Angeles have survived a bombing attack. Perfume was the intended weapon.

Ten planes swooped over the three areas yesterday and released what the perfume manufacturer said was $20,000 worth of his choice product. It sells for $18 an ounce over the counter.

Each pilot was accompanied by a perfume gunner, scantily clad in black satin and sheer nylons. The gunners were members of a model agency.

But the stunt backfired. The idea man failed to reckon with Los Angeles smog (smoke and fog), and nary a drop was sniffed by residents of Beverly Hills, Los Angeles and Hollywood—where it probably wouldn't have been noticed anyhow.

At last reports, prevailing winds were carrying it out to sea. Smell anything over there, Honolulu?

Siamese Twins Die At Lansing; Autopsy Planned For Today

Lansing, Sept. 14 (AP)—An autopsy for scientific purposes was scheduled today on the bodies of eight-day-old Siamese twins who died in Edward W. Sparrow hospital yesterday.

Attending physicians said that the immediate cause of death was a lung infection which developed in one of the twin girls and, because of the interconnection of their circulatory systems, spread to the other.

Thy had been kept alive in an oxygen tent.

The girls, which together weighed nine pounds one ounce at birth in the hospital Sept. 5, were joined at the abdomen and pelvis. The doctors said it was impossible to save even one of the twins by surgery.

Physicians also reported that the twin which developed the infection also had an "upside down stomach" which probably contributed to the death. The autopsy may reveal other deformities, the physicians said.

ICE-BREAKER MADE READY

Cheboygan (AP)— The Coast Guard ice-breaker Mackinaw is getting ready for the winter season. The Mackinaw, most powerful ice-breaker in the world, will leave Sunday for drydocking and overhauling at Manitowoc, Wis.

Wealthy Iraq Jew Sentenced to Hang

Baghdad, Iraq, Sept. 14 (AP)—One of Iraq's wealthiest merchants, Shafiq Ades, a Jew, is under sentence of death today on charges that he helped the Jews in Palestine and organized Zionism in Iraq.

The military court which convicted him yesterday also fined him 5,000,000 dinars (about $20,000,000). The fine is to be collected at once. The death sentence is subject to approval of the King.

The court's verdict, reached after two months of investigation and a week of court session, said: "The military court of the Basra area sentenced Shafiq Ades to death by hanging, with a fine of 5,000,000 Iraqi dinars, which will be obtained from all his property, mobile and immobile, and paid to the Iraqi ministry of defense to compensate for losses of men and material suffered by the Iraqi army."

Auto Workers CIO Union In Detroit Will Back Truman

Detroit, Sept. 14 (AP)—The CIO United Auto Workers followed the lead of its parent union today by endorsing President Truman and his running mate, Senator Alben W. Barkley, in the November election.

The UAW executive board, representing about a million automobile workers, threw its weight behind the Democratic Truman-Barkley ticket in a statement of policy released following a meeting here.

"The CIO supports an administration and a congress which will roll back prices, which will assure homes at prices people can pay, which will move forward to achieve the president's proposals on civil liberties for all citizens and the economic security of every family, and will continue to seek peace without appeasement among nations, the statement declared.

CRUISER ABANDONED

Mt. Clemens (AP) — Macomb county authorities are searching for the owner of a $3,000 luxury express cruiser which was piloted seven miles up the shallow Clinton river and abandoned. Rivermen said it was the first time any sizeable craft had penetrated the winding stream. The cruiser, disabled by a hole in its hull, was left near a golf club. Identifying numbers were removed.

Louise Brough Sets Sights On Winning 4 National Titles

Forest Hills, N. Y., Sept. 14 (AP)—Louise Brough of Beverly Hills, Calif., currently the best feminine tennis player among the world's amateurs, has outlined an ambitious program for herself.

If successful in defending her women's singles title in the national championships now underway at the West Side Tennis club, the California blonde will seek an unprecedented grand slam.

She hopes to win, and hold simultaneously, the championships of the four great tennis-playing nations, the United States, England, Australia and France—a feat never accomplished, even by such former net queens as Helen Wills, Alice Marble and Pauline Betz.

The top-seeded Californian made her way to the third round yesterday by eliminating Mrs. Dorothy Bundy Cheney of Santa Monica, Calif., 6-4, 6-2. With the round of 16 completed, and all the other seeded Americans still in the running, the women's upper bracket was to be reduced today to the quarter-finals.

Tigers Face Twin Bill Fare at Home

Detroit, Sept. 14 (AP)—It's doubleheader fare for the Detroit Tigers for awhile.

The Tigers meet the Washington Senators in a twin bill today with Hal Newhouser taking the mound first to try again for that elusive 17th win to go with his 11 defeats. In the second, Virgil (Fire) Trucks will go after his 13th victory. He has been defeated 12 times.

A single game tomorrow will end Washington's visit.

Then the New York Yankees come in for four games, beginning with a doubleheader on Thursday. The Yanks now trail the league-leading Boston Red Sox by two games.

The Red Sox follow, also for four games, starting with a Sunday doubleheader.

The Philadelphia Athletics close the visits of the Eastern clubs with single games here next Wednesday and Thursday.

There are about 3,600 fires annually in U.S. theaters and amusement places.

Tiges Sell Wagner To Philadelphia

Detroit, Sept. 14 (AP)—Catcher Hal Wagner of the Detroit Tigers, was sold to the Philadelphia club of the National league today on waivers.

The Phillies claimed the 33-year-old Wagner for the regular $10,000 waiver price after none of the American league clubs bid on him.

General Manager Billy Evans of the Tigers said Catcher Myron Ginsberg, a rookie from the Detroit sandlots, will be brought up from Buffalo to replace Wagner.

Don Black, Tribe Moundsman, Lapses Into Another Coma

Cleveland, Sept. 14 (AP) — Don Black, 30-year-old Cleveland Indians' pitcher, lapsed into another coma this morning a few hours after regaining consciousness.

Attendants at St. Vincent's Charity hospital said the hurler remained on the critical list following a strange injury suffered in a game with the St. Louis Browns yesterday. The hurler had regained consciousness at 4:30 this morning (EDT) for the first time since leaving the field but went into another coma three and a half hours later.

The heavy-set player of no-hit fame twisted his neck and fell to the plate in pain when he hit a foul in the second inning yesterday. Physicians said he received a hemorrhage near the brain when an unnatural growth described as an aneurysm broke as he swung at the ball.

It is entirely possible to have such an ailment without knowing it, they said.

Dr. Edward Castle, team physician, gave him an excellent chance to recover but declined to predict whether he ever would be able to play baseball again.

AA PLAYOFFS

Opening games in the American Association "semi final" playoff round are scheduled tonight with Indianapolis and Milwaukee favored to win the series. Bob Malloy, with a 21-7 record, was Indianapolis' choice to fire against St. Paul's Morris Martin, 13-11 or Pat Mc Glothin, 14-7, before home admirers. The second brace of games in the playoffs sends fourth place Columbus to runner-up Milwaukee for the opener tonight.
